The screenshot displays the GitHub organization page for 'Mapa-INVIVAS'. The header includes the organization's name, a search bar, and navigation links for Overview, Repositories (7), Projects (7), Packages, Teams (5), People (5), Insights, and Settings. The main content area is titled 'We think you're gonna like it here.' and features several suggested tasks: 'Invite your people' (with sub-tasks like 'Invite your first member' and 'Customize members' permissions'), 'Collaborative coding' (with 'Create a pull request' and 'Create a branch protection rule'), 'Automation and CI/CD' (with 'Auto-assign new issues' and 'Run a continuous integration test'), and 'Discover new GitHub features' (with links to Security, Client apps, Project management, Team administration, and Community). On the right side, there is a 'View as: Public' dropdown, a 'Discussions' section, a 'Repositories' list (including 'logros_semana', 'actas-de-grupo', 'automatization-testing', 'analytical-models', and 'database-structure'), and a 'People' section with an 'Invite someone' button. The footer contains the GitHub logo, copyright information, and various links like Terms, Privacy, Security, Status, Community, Docs, Contact, Manage cookies, and Do not share my personal information.

We think you're gonna like it here.

We've suggested some tasks here in your organization's overview to help you get started.

Invite your people

Invite your first member
Find people by their GitHub username or email address.

Customize members' permissions
Set everyone's base permissions for your code.

Collaborative coding

Create a pull request
Propose and collaborate on changes to a repository.

Create a branch protection rule
Enforce certain workflows for one or more branches.

Automation and CI/CD

Auto-assign new issues
Try automatically assigning work with GitHub Actions.

Run a continuous integration test
Validate your code using a CI workflow.

Discover new GitHub features

Security Client apps Project management Team administration Community

View as: Public

You are viewing the README and pinned repositories as a public user.

You can create a README file or pin repositories visible to anyone.

You can hide the tasks we've suggested on this page and bring them back later.
